SYSTEM FEATURES

Popular-Size Sealed and Unsealed Connectors Available Immediately

The Yazaki connector series includes a full range of sealed and unsealed connector styles in stock and available for immediate delivery worldwide – for virtually any vehicle application.

ISO Standard Compliant

Terminal blade sizes meet ISO standards (0.64, 0.8, 1.0, 1.2, 1.3, 1.4, 1.5, 1.8, 2.3, 2.8, 4.8, 6.0, 6.3, 8.0, and 9.5).

Terminal Position Assurance Device

Yazaki's Terminal Position Assurance Device is available front-loaded and preset to the connector housing.

Wire Gauges for Every Application

The Yazaki connector series is compatible with a wide range of both US (AWG) and metric (mm)² wire sizes.

Interchangeable with YESC

All YESC Kaizen connectors have the same footprint and are interchangeable with equivalent standard YESC products, with the exception to the 0.64 series

Designed to Perform

All Yazaki Connectors are designed to meet USCAR performance specifications.
